WHAT IS MARVELOUS UNIVERSITY?

A place where every student matters. A community where every student has something to offer and contribute to the world, especially when given the right support, guidance and hope. Founded by speaker, educator and writer, **SHANTERRA MCBRIDE**, **Marvelous University** offers life coaching and success planning for young people, specializing in **leadership development for girls and young women**.

Shanterra is an author, educator, and sought-after speaker on all things related to young people, speaking on topics such as teasing, friendships, cyber bullying, and teen relationships. Keynote titles have been **Surviving the High School Maze**, **Ageless Activism**, **Love Your Jiggle** and **Lead Fearlessly, Now!**

"I have always wrestled with this notion that young people are our future...I don't see them as our future, they are the NOW, which is more exciting and more marvelous!"

In addition to working directly with teenagers, Shanterra educates adults on how to be better **advocates** for young people. This includes training adults in the areas of youth development, youth leadership and understanding topics often prominent with adolescents. **Parent relationships, self-esteem, social hierarchies, and social media impact**, are a few topics that adults frequently ask her to address. She speaks throughout the country at schools, **corporations**, colleges and **universities**, **faith-based** organizations, non-profits and a variety of associations.

As a leadership development expert, some of Shanterra's proudest accomplishments include:

- Designing curriculum for **youth leaders**
- Developing a girls' leadership program at a local high school in Washington, DC while serving as an AmeriCorps VISTA member
